INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Myotonic Dystrophy Foundation and Affiliate
Oakland, California

Opinion

We have audited the accompanying consolidated financial statements of Myotonic Dystrophy Foundation (a nonprofit organization) and Affiliate, which comprise the consolidated statements of financial position as of December 31, 2021 and 2020, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Myotonic Dystrophy Foundation and Affiliate as of December 31, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of Myotonic Dystrophy Foundation and Affiliate and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Myotonic Dystrophy Foundation and Affiliate's ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

9261 Sierra College Boulevard
Roseville, California 95661

916.751.2900
916.751.2979 FAX

pccllp.com

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Myotonic Dystrophy Foundation and Affiliate's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Myotonic Dystrophy Foundation and Affiliate's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying supplementary information on pages 15 - 16 is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

MYOTONIC DYSTROPHY FOUNDATION AND AFFILIATE

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1: PURPOSE AND ORGANIZATION

Myotonic Dystrophy Foundation (MDF) (the "Foundation") was formed in 2006 as a non-profit public benefit corporation and is located in Oakland, California. The purpose of the Foundation is to engage in charitable, educational and scientific activities within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, or the corresponding provisions of any future United States internal revenue law that supports research to find a cure or acceptable treatment for myotonic dystrophy, supports those with the disease and their families, and educates the public about myotonic dystrophy.

Myotonic Dystrophy Foundation UK (MDF UK) (the "Affiliate"), was incorporated on August 28, 2014 under the Companies Act of 2006 in the United Kingdom and received its charity status in April 2015. The purpose of MDF UK is the preservation of health and the relief of sickness and need for the public benefit. This purpose is accomplished by supporting, commissioning or undertaking research into the prevention, treatment and cure of myotonic dystrophy conditions and publishing or disseminating the useful results of that research for public benefit; and by supporting other initiatives that provide or support the care and relief of sufferers of myotonic dystrophy conditions and their families.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The consolidated financial statements of the Foundation and its affiliate have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Basis of Consolidation

In determining the requirements for consolidation of related organizations, the Foundation follows the guidance provided in Financial Accounting Standards Board Accounting Standards Codification Topic 958, Subtopic 810, *Not-for-Profit Entities – Consolidation* (FASB ASC 958-810). FASB ASC 958-810 requires consolidation of nonprofit organizations that are financially related to one another by means of ownership or control and economic interest. The Foundation is the sole member of MDF UK. The consolidated financial statements of the Foundation include the accounts of MDF UK, and all inter-organizational balances and transactions have been eliminated.

Basis of Presentation

The Foundation presents its consolidated financial statements in accordance with FASB ASC Topic 958, Subtopic 210 (FASB ASC 958-210), *Presentation of Financial Statements of Not-for-Profit Entities*. Under FASB ASC 958-210, the Foundation is required to report information regarding its financial position and activities according to the following two classes of net assets:

Net assets without donor restrictions - Net assets that are not subject to stipulations;

Net assets with donor restrictions - Net assets that are subject to stipulations that will be met by actions or the passage of time.

Revenues and gains and losses from operations are reported as changes in net assets without donor restrictions. Expenses are reported as changes in net assets without donor restrictions. Expirations of donor restrictions on net assets are reported as reclassifications between the applicable classes of net assets.

MYOTONIC DYSTROPHY FOUNDATION AND AFFILIATE

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (Continued)

Donor-restricted contributions are reported as revenues which increase net assets with donor restrictions. However, donor-restricted contributions whose restrictions are met in the same reporting period have been reported as net assets without donor restrictions.

Description of Programs

The Foundation works internationally with stakeholder groups that include affected families, industry professionals, academic institutions, and government agencies to carry out comprehensive programming in three areas:

Care – Education, support, and resource program distribution through channels that include the MDF website, newsletters, annual conference, publications, research programs, industry and academic meetings, social media, and phone and in-person outreach.

Research – Funding and programs for basic, translational, and other research to advance disease understanding, accumulate additional data on disease genotype and phenotype, progression, severity and onset, and accelerate and expand therapy development efforts.

Advocacy and Communication – Communication and programs with governmental funding and regulatory agencies, as well as social service and support agencies, to increase funding for myotonic dystrophy research, improve patient access to governmental services and support, and raise visibility of myotonic dystrophy with key audiences, including clinicians, researchers, industry, government, and the general public.

Estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Donated Services, Supplies and Materials

Donated services are recognized as contributions in accordance with FASB ASC 958-605, if the services (a) create or enhance non-financial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Foundation.

Revenue Recognition

In accordance with the provisions of FASB ASC 958-605, *Not-for-Profit – Revenue Recognition*, unconditional contributions are generally recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. The Foundation implements the guidance provided by ASU 2018-08, *Clarifying the Scope of the Accounting Guidance for Contributions Received and Contributions Made*, to provide a decision-making model to assist entities in evaluating whether transactions should be accounted for as contributions within the scope of Topic 958, *Not-for-Profit Entities*, or as exchange (reciprocal) transactions subject to other guidance and determining whether a contribution is conditional. All contributions are available for unrestricted use unless specifically restricted by the donor. Conditional promises to give are recognized when the conditions on which they depend are substantially met. The receivable for the remaining payments and the corresponding revenue are recognized concurrently. Management considers receivables as of December 31, 2021 and 2020, to be fully collectible; accordingly, no allowance for uncollectible accounts is recorded.

MYOTONIC DYSTROPHY FOUNDATION AND AFFILIATE

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition (Continued)

In accordance with the provisions of FASB ASC 606, the Foundation's other income received and exchange transactions are not recognized as revenues until the revenue is earned, which is at the time when the services are provided.

Cash and Cash Equivalents

The Foundation and its affiliate consider all short-term investments with an original maturity of less than three months and money funds to be cash equivalents.

Investments

The Foundation and its affiliate held its investments in US Treasury Securities which were carried at fair market value. Related income and expenses and gain and losses are reported as net return on investment. There were no investments held at December 31, 2021 and 2020.

Fair Value Measurements

The Foundation uses the guidance provided by FASB ASC 820-10, which defines fair value, establishes a framework for measuring fair value, and expands disclosure requirements for fair value measurements.

FASB ASC 820-10 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Foundation determines the fair values of its assets and liabilities based on the fair value hierarchy established in FASB ASC 820-10. The standard describes three levels of inputs that may be used to measure fair value (Level 1, Level 2 and Level 3). Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Foundation has the ability to access at the measurement date. An active market is a market in which transactions occur with sufficient frequency and volume to provide pricing information on an on-going basis. Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs reflect the Foundation's own suppositions about the assumptions market participants would use in pricing the asset or liability (including assumptions about risk). Unobservable inputs are developed based on the best information available in the circumstances and may include the Foundation's own data.

Income Taxes

The Foundation is exempt from federal and state income taxes under Internal Revenue Code Section 501(c)(3) and under Section 23701(d) of the California Revenue and Taxation Code. Therefore, no provision for income taxes has been made. After they are filed, the Foundation's exempt organization returns remain subject to examination by taxing authorities generally three years for federal returns and four years for state returns.

In April 2015, the Affiliate received its charity status from HM Revenue and Customs, and as of December 31, 2021 and 2020, was not required to file a tax return in the United States of America.

Marketing and Advertising

Marketing and advertising costs are expensed when incurred. The Foundation and its affiliate incurred advertising costs for the years ended December 31, 2021 and 2020, totaling \$3,904 and \$44,739, respectively.

MYOTONIC DYSTROPHY FOUNDATION AND AFFILIATE

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Upcoming Accounting Pronouncements

In February 2016, the FASB issued ASU 2016-02, *Leases* (Topic 842). The new standard will supersede much of the existing authoritative literature for leases. Under ASU 2016-02, a lessee will be required to recognize right-to-use assets and liabilities on their statement of financial position for all leases with lease terms of more than twelve months. The amendments in the update are effective for annual reporting periods beginning after December 15, 2021. Early application is permitted. The Foundation is currently evaluating the impact the adoption of this ASU will have on its financial statements.

In September 2020, the FASB modified ASC Section 958 by issuing ASU 2020-07, *Not-for-Profit* (Topic 958). The amendments in this update are designed to improve financial reporting by providing new presentation and disclosure requirements about contributed nonfinancial assets for not-for-profits, including additional disclosure requirements for recognized contributed services. The amendments in the update are effective for annual reporting periods beginning after June 15, 2021. Early application is permitted. The Foundation is currently evaluating the impact the adoption of this ASU will have on its financial statements.

Subsequent Events

In preparing the financial statements, the Foundation has evaluated events and transactions for potential recognition or disclosure through June 28, 2022, the date that the financial statements were available to be issued.

NOTE 3: CONCENTRATION OF CREDIT RISK

The Foundation maintains its cash and cash equivalents in multiple financial institutions in excess of the \$250,000 per depositor Federal Deposit Insurance Corporation insured limits. At December 31, 2021 and 2020, the uninsured balances were \$4,422,228 and \$3,164,570, respectively.

The Affiliate maintains its cash and cash equivalents in international financial institutions. Using the exchange rate in effect on December 31, 2021, the amount insured by the Financial Services Compensation Scheme and Depositors' Compensation Scheme was \$101,625 and \$67,750, respectively, and the uninsured balance was \$698,804. Using the exchange rate in effect on December 31, 2020, the amount insured by the Financial Services Compensation Scheme and Depositors' Compensation Scheme was \$105,398 and \$70,265, respectively, and the uninsured balance was \$914,733.

The Foundation and its affiliate have not experienced any losses in such accounts and believe they are not exposed to any significant credit risk on cash and cash equivalents.

Amounts of foreign currencies held at year-end are expressed in U.S. dollars using the exchange rate in effect on December 31, 2021 and 2020.

MYOTONIC DYSTROPHY FOUNDATION AND AFFILIATE

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 4: LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

As part of the Foundation's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due.

The Foundation's financial assets available within one year of the balance sheet date for general expenditures are as follows:

	<u>2021</u>	<u>2020</u>
Cash and cash equivalents	\$ 5,760,894	\$ 4,831,435
Pledges receivable, current portion	<u>698,745</u>	<u>312,525</u>
Financial assets	6,459,639	5,143,960
Less those unavailable for general expenditure within one year, due to purpose restrictions stipulated by donors	<u>(712,159)</u>	<u>(716,562)</u>
Financial assets available to meet cash needs for expenditures within one year	<u>\$ 5,747,480</u>	<u>\$ 4,427,398</u>

NOTE 5: PLEDGES RECEIVABLE

Unconditional promises to give are recorded as receivables and revenue when the pledge is made and discounted to present value when applicable and material. The Foundation and its affiliate distinguish between contributions received for each net asset category in accordance with donor-imposed restrictions.

Pledges are expected to be realized in the following periods:

	<u>2021</u>	<u>2020</u>
In one year or less	\$ 698,745	\$ 312,525
One to two years	<u>205,000</u>	<u>375,000</u>
	<u>\$ 903,745</u>	<u>\$ 687,525</u>

NOTE 6: LEASE COMMITMENTS

Operating Lease

The Foundation leases office space under operating lease ending April 2024. Rental expense under the terms of the operating lease for the years ended December 31, 2021 and 2020 were \$24,605 and \$37,600, respectively. The minimum future lease payments required under this lease at December 31, 2021 are as follows:

<u>December 31:</u>	
2022	\$ 25,704
2023	26,832
2024	<u>11,180</u>
Total minimum lease payments	<u>\$ 63,716</u>

MYOTONIC DYSTROPHY FOUNDATION AND AFFILIATE

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 7: GRANT OBLIGATIONS

The Foundation and its affiliate enter into contracts to provide grant funding to various clinical and scientific research programs. Grants authorized and awarded but unpaid at year end are reported as liabilities. The following is a summary of grants authorized and payable at December 31, 2021, summarized by year in which the amounts are due:

<u>December 31:</u>	
2022	\$ 923,118
2023	<u>295,000</u>
Total	<u>\$ 1,218,118</u>

NOTE 8: NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions at December 31, 2021 and 2020, are available for the following purposes:

	<u>2021</u>	<u>2020</u>
Research-related activities	<u>\$ 712,159</u>	<u>\$ 716,562</u>

The following schedule shows the amounts released and restricted within net assets with donor restrictions for the years ended December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Beginning balance of net assets with donor restrictions	\$ 716,562	\$ 717,420
Net assets with donor restrictions for research programs	234,500	199,124
Net assets with donor restrictions for care programs	119,975	97,555
Government grants (SBA PPP Loan)	82,700	108,300
Net assets released from restriction with qualifying expenditures	<u>(441,578)</u>	<u>(405,837)</u>
Ending balance of net assets with donor restrictions	<u>\$ 712,159</u>	<u>\$ 716,562</u>

MYOTONIC DYSTROPHY FOUNDATION AND AFFILIATE

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 9: GOVERNMENT GRANTS

In April 2020, the Foundation was granted a loan from Community Reinvestment Fund, USA in the amount of \$108,300 under the Paycheck Protection Program ("PPP") as part of the CARES Act. The note and accrued interest are forgivable after eight weeks as long as the borrower uses the loan proceeds for eligible purposes, including payroll, benefits, rent and utilities, and maintains its payroll levels. As of December 31, 2020, the Foundation has substantially met the conditions of the loan and has applied for loan forgiveness. For the year ended December 31, 2020, the Foundation recognized the full \$108,300 as a conditional government grant on the consolidated statement of activities. In 2021, the Foundation was approved for full forgiveness by the U.S. Small Business Administration.

In March 2021, the Foundation was granted a loan from Community Reinvestment Fund, USA in the amount of \$82,700 under the PPP as part of the CARES Act. The note and accrued interest are forgivable after eight weeks as long as the borrower uses the loan proceeds for eligible purposes, including payroll, benefits, rent and utilities, and maintains its payroll levels. The Foundation has substantially met the conditions of the loan and was approved for forgiveness on November 30, 2021. For the year ended December 31, 2021, the Foundation recognized the full \$82,700 as a conditional government grant on the consolidated statement of activities.

NOTE 10: RISK AND UNCERTAINTIES

The COVID-19 coronavirus outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration. However, the related financial impact and duration cannot be reasonably estimated at this time.
