

Michigan

When a family or individual is faced with a progressive condition such as DM1 or DM2 they are often presented with additional financial expenses as well as loss of a steady income. This section attempts to gather financial resources that are available on a state level for persons living in the United States. By no means is this section complete; we invite you to share with us any resources you've identified.

This is an on-going project. We will add more resources as we gather them; please send us resources you know of that are not currently listed.

Please be advised that each organization has its own eligibility and application requirements. None of these organizations are affiliated with Myotonic. We hope you will share your experiences with us – let us know if you are successful in finding a good resource to help your family.

Financial Resources

Alternative Services Michigan Inc.: ASI provides resource for Michigan residents with developmental disabilities. These resources include employment opportunities, residential services, community inclusion, relationship building, and more.

Aging and Disability Resource Collaboration: ADRC is the place for family, friends, caregivers and providers to get information about long-term supports and services for older adults and persons with disabilities. The ADRC's goal is to streamline access to services and provide information on all aspects of life related to aging or living with a disability. Whether you are looking for services to stay in your home and live independently, or options for assisted living and nursing home care, the ADRC program can help you learn about what is available for you in your community.

Children with Special Needs Fund: The Children with Special Needs Fund provides support for children in Michigan with special health care needs not available through any other funding source. The Fund helps with the purchase of equipment and services that promote optimal health, mobility, and development, enhancing the lives of children and their families. <http://www.michigan.gov/csnfund>

Disability Network Southwest Michigan: Disability Network is a one-shop-stop for all disability resources. Their services include advocacy, education, housing, independent living, transition, financial, peer support, referral, and more. They have many events and opportunities too. <http://www.dnswm.org/>

Family Support Subsidy Program: The FSS Program provides financial assistance to families that include a child with severe developmental disabilities. Their mission is to make it possible for children with developmental disabilities to remain with or return to their birth or adoptive families. The program provides a monthly payment that families are able to use for special expenses incurred while caring for their child.

Michigan Protection and Advocacy Services: MPAS is the independent, private, nonprofit organization designated by the governor of the State of Michigan to advocate and protect the legal rights of people with disabilities in Michigan. MPAS services include information and referral, short-term assistance, selected individual and legal representation, systemic advocacy, monitoring, and training. <http://mpas.org>

Autism Related

Kalamazoo Battle Creek Autism Society: This autism society is a community aimed at supporting those with autism and their families. They provide access to local and state resources, hold fundraisers and events, and have special pool days and activities, and more. <http://www.kalamazooautismsociety.org/>

Employment

Michigan Rehabilitation Services: MRS provides specialized employment and education-related services and training to assist teens and adults with disabilities in becoming employed or retaining employment. In addition, MRS partners and collaborates with the State Department of Education, local school systems, Michigan Career and Technical Institute (MCTI), community colleges, four-year colleges, and universities to develop statewide programs to help students with disabilities succeed.
